2020 - A Year Like No Other

To say this year has been challenging, heartbreaking, and relentless, is an understatement. Each and every person has been impacted by the pandemic that still sweeps our world. Far too many suffered unimaginable loss. The increase in requests for food, clothing, medical care, and more, was quite simply, unfathomable.

There were times when it felt to be too much and we were not sure we would be able to help. But *you* came through. The phone calls came in, the list of needs grew and it continues to grow. It is due to *you* and *your* generosity that we have met every challenge thus far.

There truly are no words to express the level of gratitude we extend to each and every one of you for your support. We give our most sincere thanks and wish each of you a safe, healthy, and happy holiday. May your new year be abundant in only the *very best* of life's offerings.
